**Building Solutions Brisbane has secured the exclusive rights to apply PileMedic® by QuakeWrap, Inc. in South East Queensland**

Carbon and Glass Fibre Reinforced Polymer (FRP) are exceptionally strong and versatile materials making them the solution of choice in a growing range of applications. PileMedic® by QuakeWrap, Inc. is the fastest and most economical FRP solution for rehabilitating damaged or deteriorated piles, columns and utility poles of virtually any shape or size.

QuakeWrap, Inc is a leading designer and supplier of innovative FRP products for repair and strengthening of infrastructures. The company was founded in 1994 by Professor Mo Ehsani, an internationally recognized expert and pioneer in the use of FRPs in regards to structural reinforcement and repair. QuakeWrap, Inc. has continuously provided inventive, patented and award winning solutions to improve the strength and safety of structures worldwide.
