## TO WHOM IT MAY CONCERN

### Re Building Solutions Brisbane Pty Ltd

Building Solutions Brisbane Pty Ltd and its predecessor, Areify, has been my preferred contractor for many concrete repair and building rectification projects in and around Brisbane over the last 10 years. Within the previous two years I have also been the structural engineer for two new houses in the Indooroopilly area of Brisbane that were constructed by Building Solutions Brisbane Pty Ltd.

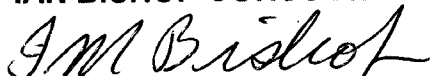

I have always been satisfied with the standard of work carried out on their projects and the ability of the company to meet agreed deadlines.

I have appreciated the willingness of the company to go the "extra mile" to satisfy the expectations of various clients.

I have no hesitation in recommending Building Solutions Brisbane Pty Ltd for any type of building repair and rectification work.

Yours faithfully
